

# February NEWSLETTER

## WHAT ARE WE LEARNING?

Hello We are in February Already! This week we focused on "Pets". We had fun doing various activities such as Paw hopping, rolling the ball to each other, Puppy toy stick counting, Sound picture bingo, color patterns, SABIS Worksheets math, science, and English, charted our favorite animal and much more . Our focus this week was letter Xx, color black, circle and number 4. Also, One thing we are starting to do is the children have their own SPOT to sit at the table and also during group time next week we will start using square carpets so it helps navigate many things

Parents Please have children start practicing dressing themselves and dressing themselves in snow gear. This is very important they can have this skill and especially going into older classrooms☺.
