WHAT ARE WE LEARNING?

In Prek A the week was full of engaging activities across different subjects! Here's a summary of what you did:

Arts: we colored and expressed our creativity through artwork.

English: We continued reviewing our letters, focusing on the letters N and P in our writing book, practicing how to trace them correctly.

Science: We discussed the weather, especially how fun snow is, and learned interesting facts about snow.

Math: We practiced tracing numbers from 5 to 6, strengthening our number recognition and writing skills.

IMPORTANT DATES

This is a quick reminder about the ECE Sing Along scheduled for Friday, the 19th. We are excited to see all the little stars shine as they sing and have fun together! Please ensure your child arrives on time.

REMINDERS

We kindly ask for your cooperation in helping us maintain a smooth and safe environment for all the children.

Please remember not to enter the classroom during drop off or class hours unless instructed otherwise by teachers. Thank you!
